Home inspections!

“I want to be your go to home inspector!”

Home inspections are a vital part of buying a home. For the buyer it provides peace of mind, for the financial institution it provides assurance of security and for the realtor it facilitates the closing.

“You need a home inspector you can count on to make the process work...for everyone!”

WHAT YOU GET!

- 100% State compliant inspections
- Straightforward and easy to read reports
- A summary page with hot links to the details
- Objective, realistic and practical observations
- Easily sent via email with secure cloud storage
- Water and radon tests available

About the Inspector:

Dawson Spano is a third generation contractor. He graduated from the Florida Institute of Technology and worked as an aerospace engineer until coming to the mountains to be a licensed contractor. “He has been walking these hills since spring break 1976.” As a licensed home inspector he brings his experience in engineering, construction and the mountain geology to give you a balanced and objective evaluation of the property. **Profile Home Inspections** will give you the information you need to make an informed decision. 24 hour turn-around! Snap the QR code to see a sample report.
